

Worker Protection Standard:

Materials Developed By EPA, States and Other Organizations

Resource ID#: 3225

Worker Protection Standard: Materials Developed
by EPA, States and Other Organizations

Recycled/Recyclable
Printed with Soy/Canola Ink on paper that
contains at least 50% recycled fiber

SUMMARY

To meet the needs of the public and the overwhelming demand for the Worker Protection Standard (WPS) pesticide safety and training materials, the Occupational Safety Branch is providing to you a resource listing of WPS materials.

This listing identifies pesticide safety, training and informational materials that were developed or produced by the Environmental Protection Agency (EPA), States, and other establishments, organizations or associations.

The materials in this listing are organized under categories. The "type" categories include books, posters, leaflets, bulletins, fact sheets, videos, slides, field warning signs and kits. Each entry may be identified by title, followed by, a short summary; date, description (size, length and product identification number) and source name. The the full address, telephone and fax number are located in Appendix A. Pricing information is not included.

This listing is updated quarterly and, to the best of our knowledge, the items listed here should be available upon request or for purchase.

We welcome information regarding the availability of additional WPS materials and where they can be obtained. Please contact Allie Fields on 703-305-7666. Send information and one copy of your product to:

BOOKS

- **Pesticide Poisoning Action Guide for Agricultural Pesticides in the Midwest.** May 1994. A 100 page resource directory that serves as an adjunct to the U.S. EPA "Recognition and Management of Pesticide Poisonings". Guide is divided into 3 sections: (1) Quick reference guide for suspected pesticide poisonings; (2) Comprehensive directory of appropriate contacts for pesticide information within each State; (3) lists of the pesticides commonly used in Region 5 States by crops, common name and trade name. To be used by Region 5 poison control centers, migrant health clinics, migrant advocacy groups, State Lead Agencies, Cooperative Extension Service offices. (Illinois, Indiana, Michigan, Minnesota, Ohio, Wisconsin). EPA #905-B-94-001. U. S. EPA Region 5, Office of Public Affairs (P-19J). Tele: 800-621-8431. Chicago, Illinois.

- ◆ **The Worker Protection Standard: 1994 Legislative Changes. A Guide for Agricultural Employers.** April 1994. 8½x11, 9 pages. Legislation was enacted in April 1994 which delays implementation of some **but not all** of the WPS until January 1, 1995. The new law provides more time for the agricultural community to learn about the WPS and to prepare for implementation. This guide summarizes the major WPS provisions, focusing on the **1994** WPS requirements. Source: Occupational Safety Branch. EPA, Washington, DC.

- ◆ EPA Approved
- New Entry

◆ **A Guide to Heat Stress in Agriculture.** March 1994.
56 pages, 8½x11 format, soft cover book stock. This manual applies recognized heat stress management principles to the particular conditions of agriculture to assist private and commercial applicators; agricultural employers in the protection of their workers from heat illness.
Source: Gemplers, Mt. Horeb, WI.
Pub #HW77

◆ **The Worker Protection Standard for Agricultural Pesticides: How To Comply: - What Employers Need to Know.** July 1993. (141 page manual). Provides employers with the information necessary to comply with the requirements of the 1992 Federal Worker Protection Standard.
Sources: Superintendent of Documents. Pittsburgh, PA.
Pub #055-00-00442-1.
Gemplers, Mt. Horeb, WI
Pub #HW40

◆ **Protect Yourself From Pesticides - Guide for Agricultural Workers.** July 1993. 43 page bilingual handbook in Spanish and English. Presents all of the information required for training of workers under the Worker Protection Standard.
Source: Superintendent of Documents, Pittsburgh, PA.
Pub #055-000-00443-9.
Gemplers, Mt Horeb, WI.
Pub #HW20

This handbook is available in Korean, Philippian, Chinese, Vietamese, and Laotian. Contact Allie Fields. EPA, Washington, DC.

◆ **Training Handbook.** 1994. 3-hole punched. EPA's "Protect Yourself From Pesticides: Safety Training for Agricultural Workers". Provides useful WPS background and recommendations for effective training on how to cover the 11 worker training concept. 32 loose-leaf sheets printed on standard paper for inserts into a binder.

Source: Gemplers, Mt. Horeb, WI.
Pub #HW55

◆ **Protect Yourself From Pesticides - Guide for Pesticide Handlers** December 1993. English. 100 page handbook. Handbook was developed jointly by the Environmental Protection Agency and the U.S. Department of Agriculture Extension Service. The handbook presents all the information required for training pesticide handlers under the EPA Worker Protection Standard.

Sources: Superintendent of Documents, Washington, DC.
Pub #055-000-00467-6.
Gemplers, Mt. Horeb, WI
Pub #HW30.

◆ **Guía para los que Manejan Pesticidas.** 1994. 100 page handbook. Spanish version of the EPA "Protect Yourself From Pesticides - Guide For Pesticide Handler" presents all of the information required for training pesticide handlers under the WPS.

Sources: Gemplers, Mt. Horeb, WI.
Pub #HW35.
National Center for Environmental Publications
and Information (NCEPI), Cincinnati, OH.
EPA #735-B-94-001.

◆ **Flipchart: Protect Yourself From Pesticides-Safety Training for Agricultural Workers.** 1993. 11x14. This flipchart is a companion to the EPA WPS agricultural workers handbook. A visual aid and trainer's guide for training agricultural workers about pesticide safety. It is designed to be portable and brief so that training may be done in a variety of settings.

Sources: Publications, Gainesville, FL.

Pub #SM-48.

Gemplers, Mt. Horeb, WI.

Pub #FC100/Professional trainers

Pub #FC198/Growers

POSTERS

◆ **Protect Yourself From Pesticides.** October 1993. (24x36/folded). A color bilingual worker safety poster in English and Spanish. Illustrates the 9 basic health and safety messages required by the Federal Worker Protection Standard regulations.

Sources: Superintendent of Documents, Washington, DC

Pub #055-000-00444-7

Gemplers, Mt. Horeb, WI.

Pub #P928, 23x35/folded.

◆ **Quick Reference Guide to the 1992 Worker Protection Standard (WPS).** October 1993. (17x22 poster/folded). Presents the maximum WPS requirements needed to be in compliance with the Federal WPS. Does not include the exceptions that may permit agricultural employers to do less, or options that may involve different requirements.

Sources: Superintendent of Documents. Pittsburgh, PA.

Pub #055-000-00445-5

Gemplers, Mt. Horeb, WI.

Pub #P977

- ◆ **If you see this sign KEEP OUT!** Poster. 1993. 17x22, folded. A bilingual English/Spanish poster that reinforces the recognition of the EPA field warning sign. Leaflet #5 with the same title accompanies this poster. EPA #735-F-93-061. Source: Occupational Safety Branch. EPA, Washington, DC.

LEAFLETS

- **Worker Protection Standard For Agricultural Pesticides: UPDATE.**

- ◆ July 1994. 4 pages, folded. This newsletter describes how the WPS is being implemented and what the agricultural community should know about the Standard. EPA #735-N-94-001. Source: Scott Schwenk, EPA, Field Operations Division/OPP, Washington, DC. Tele: 703-305-5077.

- **Important Information About the WPS.** Leaflet #1. October

- ◆ 1994. Two-sided, 8½x11, folded. Offers general information about the WPS requirements for who must comply, and product specific requirements. EPA #735-F-94-004. Source: National Center for Environmental Publications and Information. Cincinnati, OH.

- **Protecting Against Pesticides.** Leaflet #2. October 1994.

- ◆ Two-sided, 8½x11, folded. Answers two questions: (1) What are the health risks from using pesticides and (2) how does the revised WPS protect people from these risks? EPA #735-F-94-005. Source: National Center for Environmental Publications and Information. Cincinnati, OH.

■ **Training for Agricultural Workers.** Leaflet #4. October 1994.

◆ Two-sided, 8½x11, folded. Highlights general information about the WPS training requirements for workers and handlers, timing of training, training topics, training format, training materials, trainer qualifications and the voluntary WPS training verification program. EPA #735-F-94-006.

Source: National Center for Environmental Publications and Information. Cincinnati, OH.

■ **Decontamination Sites.** Leaflet #6. October 1994. Two-sided,

◆ 8½x11, folded. This leaflet offers general information about the WPS requirement to provide decontamination sites, location of these sites, accessibility to them, how much water is needed and the supplies that should be provided. EPA #735-F-94-007.

Source: National Center for Environmental Publications and Information. Cincinnati, OH.

■ **Information Employers Must Provide at a Central Location.**

◆ Leaflet #7. October 1994. Two-sided, 8½x11, folded. Provides general information on the other responsibilities of the employer; and what information employers are to provide for their agricultural workers and pesticide handlers on the worksite, when employers must provide this information; and where this information can be easily seen and read.

Source: National Center for Environmental Publications and Information. Cincinnati, OH.
EPA #735-F-94-008

■ **Restricted-Entry Intervals.** Leaflet #8. October 1994. Two-sided,
◆ 8½x11, folded. Offers general information about WPS requirements for restricted-entry intervals (REI); what an REI is, its location on the pesticide label, and the two types of exceptions to restricted entry intervals: (1) early entry with no contact to treated surfaces and (2) early entry contact to treated surfaces.
Source: National Center for Environmental Publications and Information. Cincinnati, OH.
EPA #735-F-94-008

■ **Working Safely with Pesticide Equipment.** Leaflet #9.
◆ October 1994. Two-sided, 8½x11, folded. Leaflet offers general information on safe operation of equipment; what specific information must be provided if people other than your own handlers repair, clean, or adjust equipment.
Source: National Center for Environmental Publications and Information. Cincinnati, OH.
EPA #735-F-94-010

◆ **Protect Yourself From Pesticides: Poster Handout.** January 1994. Two-sided, 8½x14, folded. This handout is a reminder of some important pesticide safety steps as illustrated on the EPA WPS safety poster.
Source: Occupational Safety Branch. EPA, Washington, DC.

◆ **If you see this sign KEEP OUT!** September 1993. Leaflet #5. Two-sided, 8½x11, folded. A bilingual English/Spanish handout that accompanies the 17x22 poster.
Source: Occupational Safety Branch. EPA, Washington, DC.

- ◆ **The Worker Protection Standard for Agricultural Pesticides: Notifying Agricultural Workers About Pesticide Applications.** September 1993. Leaflet #3, two pages, 8½x11, folded. This information addresses the requirement that employers provide agricultural workers with oral or posted notification about pesticide applications before the application is made.
Source: Occupational Safety Branch. EPA, Washington, DC.

- ◆ **Safety Poster: Pocket Edition.** 1994. A laminated pocket version of the EPA-approved safety poster which can be customized to meet State and local needs. Price depends on quantity ordered.
Source: Marla Stein Associates. Owings Mills, MD.

VIDEOS/SLIDES

- **Siguiendo El Sol/Chasing the Sun.** October 1994. 36-minutes.
- ◆ Spanish/English #4584. To be released during the fall.
Depicts a day's activities of a group of workers and takes them through a WPS training. This video is designed to comply with farmworker training requirements mandated under the updated Worker Protection Standard. The video covers basic information about pesticide exposure, regulations, and personal protection.
Source: National Migrant Resource Programs, Austin, TX.
Gemplers. Mt. Horeb, WI.

- **Pesticide Handlers and the WPS.** Available Summer 1994.
- ◆ Approximately 45 minutes. English. To be released during the summer. This video satisfies the training requirement for pesticide handlers under the Worker Protection Standard. Produced by Michigan State University Cooperative Extension Service. To be distributed to Cooperative Extension Services and pesticide coordinators in each State Lead Agency.
Source: Joy Neumann Landis. Michigan State University.

◆ **Pesticide Safety Worker Protection.** (1993). English/Spanish. EPA approval #WPS-10-WH-1. This video was produced by the Idaho State Department of Agriculture with an EPA grant. It meets the criteria for basic safety training for agricultural workers and pesticide handlers as required by the Worker Protection Standard for Agricultural Pesticides. A "**Trainer Details Brochure**" accompanies this video. It must be presented in conjunction with the Pesticide Safety Worker video in order for the training to be considered EPA-approved.

Source: Ag Communication Center, University of Idaho.

◆ **How To Conduct Worker Protection Training. A Train-the-Trainer Program.** December 1993. 90-minutes. An EPA approved train-the-trainer video for the WPS trainers of agricultural workers. The USDA Extension Service pesticide applicator training coordinator in each state has a master copy for reproduction and for distribution on request.

◆ **Worker Protection Standard for Agricultural Pesticides - An Overview. SPT-190.** 1993. A 24-minute slide/tape overview of the WPS for the agricultural employer. Includes a copy of the "How To Comply Manual", "Protect Yourself From Pesticides" safety poster and an example of the WPS field warning sign. Source: Publications, #SPT-190. Gainesville, FL.

◆ **Worker Protection Standard for Agricultural Pesticides - An Overview. SV-190.** 1993. A 24-minute video of a slide/tape program that provides an overview of the WPS for the agricultural employer. Includes a copy of the "How To Comply Manual", worker safety poster and an example of the field posting sign. Source: Publications, SV-190. Gainesville, FL.

VIDEOS and SLIDES

- [] **WPS Farm Worker Training Video**. (In production). This 25 minute video will be aimed at satisfying the farm worker training requirement, and features actual farm workers and on farm situations.
Source: Michigan State University, East Lansing, MI.

- [] **Understanding the Worker Protection Standard**. September 1993. 3 hours. A satellite videoconference sponsored by the Iowa Department of Agriculture and Land Stewardship and Agribusiness Association of Iowa. Gives a review of the WPS as it applies to Iowa agriculture.
Source: Dr. Wendy Wintersteen, Iowa University.

[] **Understanding the Worker Protection Standard**. September 1993. 40-minute video segmented into three topics: Understanding the WPS (6 minutes); Employers responsibilities for handlers (24 minutes); Employers responsibilities for workers (11 minutes). Source: Joyce Hornstein, Iowa University.

[] **Pesticide Applicator Training WPS Slides**. November 1992. Four slides about the Worker Protection Standard. These slides are accompanied with a script. Private and commercial PAT clinics. Source: Rhonda Feree, Urbana, IL.

[] **Greenhouse and Nursery WPS Training Video**. (In production). Michigan State University will be working in cooperation with the Society of American Florists, American Association of Nurserymen, Professional Plant Growers Association, and Roses, Inc. with the intent of producing a Worker Protection Standard video to be used in training greenhouse and nursery workers. Source: Michigan State University, East Lansing, MI.

◆ **Shedding Some Light on Pesticides**. (1992). 13-minutes. A production of the "Brush Up on Covering Up" pesticide protective equipment display. The video features photographs of the ultra-violet light-sensitive dye tracers that were used to illustrate pesticide exposure following handling activities; effective measures to reduce exposure; selection, proper use and maintenance of PPE; discussions concerning health effects, risks, and good work practices. This was a joint effort between the Office of Pesticide Programs and the Office of Engineering Technology Demonstrations within in Office of Research of Development. Source: Richard Gray. Cornell University Audiovisual Center.

FIELD WARNING SIGN

- **WPS Flexible Vinyl Sign.** 1994. Pesticide warning sign of the type described in the Worker Protection Standard.
Source: Forms Plus. Toledo, OH. Tele: 419-535-5593

- **Restricted Entry Sign.** 1994. Pesticide warning sign of the type described in the Worker Protection Standard.
Source: IPC Print and Copy. Midvale, UT.

- [] **Pesticide Warning Sign.** 1994. Hinged pesticide warning signs of the type described in the Worker Protection Standard.
Source: Adrian FFA, Adrian, OR.

- [] **Pesticide Warning Sign.** 1994. Pesticide warning signs of the type described in the Worker Protection Standard and sign stands.
Source: C/C Sign Company, Nyssa, OR.

- [] **WPS Field Posting Sign.** 1994. Standard size 14"x16".
This sign is manufactured from 0.04 inch thick aluminum and painted with the new technologically advanced powder coating system. This gives the sign the capabilities of withstanding climatic conditions when compared to any type of plastic sign.
Source: National Sign Company, Inc. Ottawa, KS.

- [] **Pesticide Warning Sign.** 1993. 8x11, 2-sided.
Source: Murray McKay, Concord, NH.

- [] **Pesticide Warning Sign.** 1933. A folding Worker Protection Standard worker safety field warning posting sign.
Source: Voss Signs, Manlius, NY.

- [] **Pesticide Warning Signs.** 1993. Pesticide warning signs of the type described in the Worker Protection Standard.
Source: Becky Groves, Tacoma, WA.

Source: Vera-Fern Holland, Wenatchee, WA.

- [] **WPS Field Warning Sign.** 1993. 14x16. EPA-approved sign has correct legend and size. Plastic #D2310 or corrugated plastic #D1895.
Source: Gemplers, Mt. Horeb, WI.

- [] **Warning Sign with Application Data.** 1993. 14x21. An EPA-accepted sign provides extra space for naming the pesticide used, date of application and the Restricted Entry Interval.
Source: Gemplers, Mt. Horeb, WI.
Product #D2398, #D1899, #D2000.

- [] **Field Posting Sign.** August 1993. 14"x17". A weather-proof field posting sign made from recycled pesticide containers.
Source: Growers Services, Inc. East Lansing, MI.

POSTERS

- [] **Read Before Washing Pesticide-Soiled Clothing.** July 1992.
A 4"x4" magnet displaying 11 tips for **washing** pesticide-soiled clothing. These magnets adhere directly to the family or community washing machine. Available in English #E-2413 or Spanish #E-2413-SP. Source: Michigan State University.

- [] **Pesticide Emergency Telephone Information Poster.** (1993).
State version. 8½x11, Spanish (AM-37-SP) or English (AM-37). Information is specific to Michigan. One national hotline is listed; includes information on poison control centers.
Source: Michigan State University.

KITS

- [] **Gempler's Central Posting Kit. #10198.** (1994). Kit contains one each of the following Gempler's 10x12, .50 plastic emergency medical facility sign, EPA's official 23x35 full color pesticide safety poster, Gempler's 50-sheet 8½x11 Pesticide Application Posting Tablet; EPA's official 17x22 Quick Reference Guide Poster which summarizes compliance requirements of the Worker Protection Standard. Not required for Central Posting, but helpful information.
Source: Gemplers, Mt. Horeb, WI.

[] **PPE Training Kit. #1295A.** (1994). For Worker Protection Standard training. Includes a life-size manikin made of durable 350 lb. double-wall cardboard that assembles in two minutes. It is designed so that the respirator, goggles and baseball hat fit securely. Reusable, easy to store and lightweight. 1 white TYVEK chemical resistant coverall; 1 pair nitrile green, chemical-resistant goggles; 1 indirectly-vented chemical splash goggles; 1 NIOSH -approved cartridge respirator with 1 set of pesticide cartridge and pre-filters; 1 PVC green chemical-resistant apron 35x45; 1 pair yellow latex chemical-resistant booties; 1 liquid proof yellow overcap (fits over your cap); 1 EPA approved warning sign 14x16; 1 Gempler's WPS Reference Guide with official version of EPA's How-To-Comply Manual.

Source: Gemplers, Mt. Horeb, WI.

[] **Worker Protection Standard (WPS) Compliance Kit.** 1994. Kit contains one 30-minute WPS video tape, one How-To-Comply Manual, one set of overheads that summarizes main points in the video, WPS Fact Sheets, WPS Question & Answer Listing that provides practical answers to questions, and one 17x22 wall-poster -"Duties of Ag Dealerships that Employ Commercial Applicators."
