Agricultural Safety

Source	Resource Information	Brief Summary
Rural Information Center National Agricultural Library 10301 Baltimore Blvd., Room 304 Beltsville, MD 20705-2351 phone: 800-633-7701 fax: 301-504-5181	<u>Agricultural Safety and Health: A Resource Guide</u> 1993, English, 8.5" x 11", 58 pages First copy free	Resource for farmers and farm workers, extension agents, researchers, policy-makers, and health personnel. Listing of publications, audiovisual materials, and organizations that involve agricultural safety and health. This publication is being revised and will be issued in fall 1994.
Occupational Health Branch California Dept. of Health Services 2151 Berkeley Way, Annex 11 Berkeley, CA 94704 phone: 510-849-5150	<u>Welcome to the Farm</u> English and Spanish, 8.5" x 11", 12 pages First copy free	Guide for parent/teacher when teaching children about childhood safety on the farm. Topics include the dangers of tractors, chemicals, irrigation ponds, and animals. Could be used as a coloring book.

General Childhood Injury Prevention

Source	Resource Information	Brief Summary
California Center for Childhood Injury Prevention Graduate School of Public Health, MCH Division San Diego State University 6505 Alvarado Road, Suite 205 San Diego, CA 92120 phone: 619-594-3691	<u>A Guide for Home Care and Prevention of Childhood Injuries</u> 1986, English and Spanish, 8.5" x 11", 40 pages \$3.00 each	This booklet uses text and drawings to teach parents of small children about childhood injury prevention and first aid. Purpose of the manual is to help parents learn how to prevent injuries, what to do when injuries occur, and when to get medical help. This is the text for the curriculum available from CCCIP and the National Migrant Resource Program (pp. 1+2.)
	<u>Curriculum: Home Care and Prevention of Childhood Injuries</u> English, 8.5" x 11", 20 pages First copy free Permission to duplicate can be obtained by notifying CCCIP of purpose of use.	Curriculum includes activities and demonstrations to be used with "A Guide for Home Care and Prevention of Childhood Injuries" for training parents of young children (birth to four years). Topics include burns, choking, poisonings, motor vehicle safety, cuts, scrapes, sprains, and broken bones. Designed to complete learner objectives in four, two hour sessions. (Also available from National Migrant Resource Program.)
