This specially designed form--for use by public and private agencies--has spaces for entering diagnosis, lab tests, X-ray and other information pertinent to future care.

Folding to wallet size, the form carries a note in Spanish and English advising the migrant to show his record whenever he goes to a doctor or nurse.

- Insures continuity of care
- Gives at a glance the worker's health record
- Helps prevent duplication in care
- Saves time in emergency
- Aids the physician, nurse or other health worker
